

Sheriffhales Primary School Uniform Policy

We are very proud of our school and what it represents to the outside community. As part of this representation, school Governors have agreed the following school uniform. Not only does it create a good impression for the community and visitors to school but also sets standards for the children, teaching them to dress smartly and take pride in their appearance. Wearing school uniform is required.

Please help us to maintain our high standards by adhering to our uniform policy. Thank you.
